AUSTRIANS SAY THEY WON'T SIGN TREATY

Engagements of Unheard-Of Harshness Cannot Be Executed, Says Dr. Renner

Wealthy Persons in Vienna Leave, Smuggle Property to Italy and Switzerland

Paris, July 23.—Dr. Karl Renner, head of the Austrian peace delegation declared he "would not sign engagements which he knew could not be executed" in commenting on the peace terms, prior to his departure from St. Germain for Feldkirch, according to morning newspapers.

Protests Terms.

He protested against the "unheard of harshness of the conditions made against Austria and Germany" and he added:

"Let us try to submit to the entente, completely unadorned, our great distress and so obtain a peace with conditions that will be supportable for our country."

Austrian Distress Great

Vienna, July 22.—Factories are idle, thousands of persons are trying to leave the country and little business is being done, according to authorities, who declare the need of some sort of peace for Austria is becoming constantly greater.

Fortunes Smuggled

Wealthy persons are said to be smuggling their fortunes into Switzerland and Italy. Three hundred additional inspectors have been put on duty to search the baggage of travelers going to Switzerland.

Foreign money is being bought eagerly, often at high prices, by people who say they wish to get rid of Austrian paper money. The price of Austrian silver has risen since pre-war days to more than nine times its former value. The American dollar, quoted before the war at five crowns, is bringing 32 crowns.

Bernes, July 22.—The general strike in Vienna Monday was almost complete, according to the correspondence bureau. Only the bakeries and food shops were open. Cafes and restaurants were closed, there was no street car transportation and no newspapers were published.

FEWER GOODS PAWNED

Fifty Per Cent Decrease in Business Reported by Minneapolis Pawnshops

Minneapolis, July 23.—A marked falling off in the number of valuables pawned in Minneapolis since July 1 and a sharp increase in sales of secondhand goods was today attributed by Minneapolis pawnbrokers, United States revenue officers and the police department, to prohibition.

Pawnbrokers who today reported to the internal revenue office for their federal licenses, said the number of pawned articles left with them in the first 21 days of July was from 30 to 50 per cent less than the number left in the corresponding period of 1918.

Redemptions on Increase.

In the same period the number of redemptions have been high and the rise in sales they reported have easily offset the decline in the loan end of the business. The pawnbrokers are all taking out their federal licenses and renewing their city licenses.

Several of the men who reported conditions to the internal revenue office said the decline in pawning would have been 75 per cent this month except for many soldiers who are on their way home from camp and stop in the city for a good time before returning to their homes and going to work. The soldiers, however, are good at redemptions, the dealers said, and usually send the money back for their articles.

Fewer Watches Pledged

Police reports showed that the average daily pledging of watches alone, which before July 1 was 65 a day has fallen to 36 a day.

The average monthly pledges of watches for July, 1918, was 1,400, while reports this month will show less than 800 watches, the police said.

In July, 1913, the highest record

NEW ULM LID TILTS. DELEGATE DISCOVERS

New Ulm, Minn., July 23.—"I went into a former saloon today and asked for a highball as a joke," said a Minnesota Federation of Labor delegate.

"Well, what happened?" asked a brother member.

"The joke was on me, for I got it," answered the first brother.

According to reports about town, the nation-wide lid is at an angle of 45 degrees at least, so far as New Ulm is concerned. The city formerly had 28 saloons, most of which are now operating as soft drink establishments. It is claimed, however, that all of the drinks are not soft.

FOREST FIRES OF MINNESOTA TO BE INVESTIGATED

Washington, July 23.—An investigation of the forest fires in Minnesota last fall with a view of ascertaining whether federal aid is needed for the people and to prevent a recurrence of the disaster, is asked in a resolution introduced in the house by Representative William L. Carrs of the Eighth Minnesota district this afternoon.

Cleveland.—A labor shortage was turned into a surplus by a brewery here. The manager spread rumors that a left-over vat of beer was on tap to employees.

Forest Fires Still Raging

(By United Press)
Spokane, July 23.—Forest fires are still raging in Washington, Montana and Idaho. A light rain fell, but failed to have any effect.

14 TOWNS FLOODED; CROPS IN 10 A LOSS

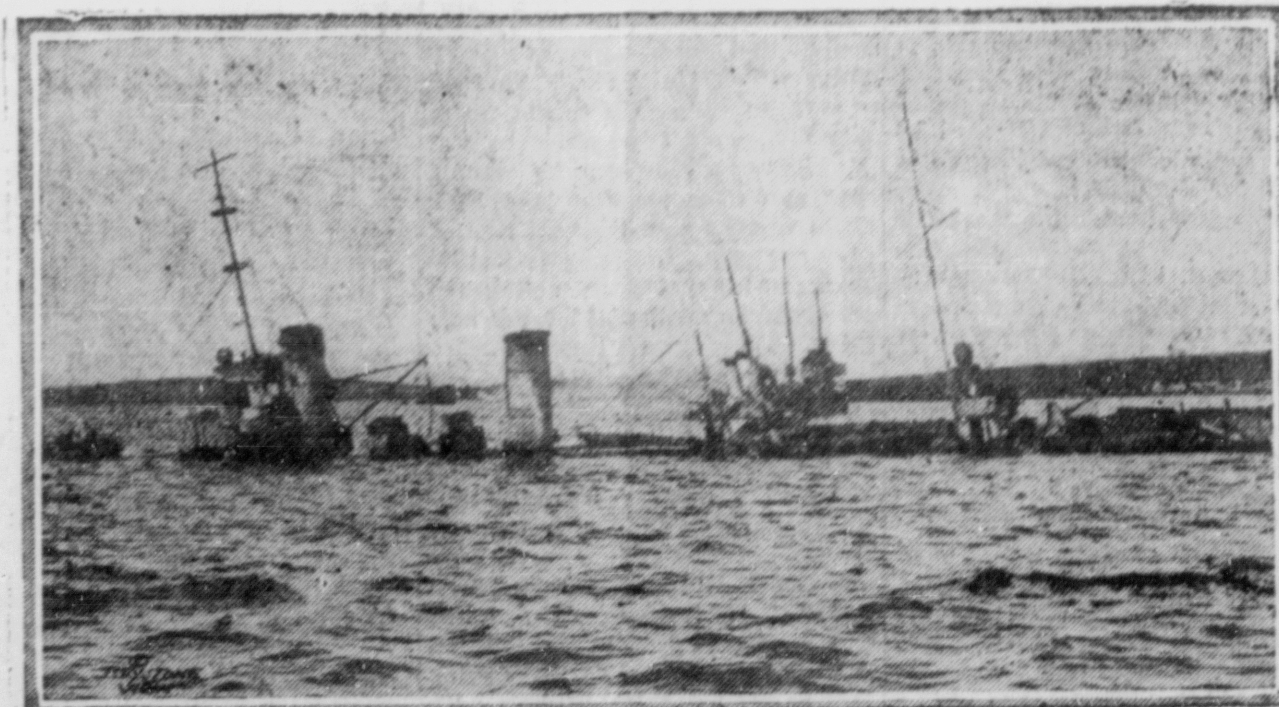

Thief River Falls, Minn., July 23.—The people residing in the flooded section of eastern Marshall county are today in better shape to meet the situation than at any time the last two weeks. Cots, tents and clothing sent by the state adjutant's office, have been distributed to those whose lands are still under water and who sought safety on the higher lands west of Holt.

A careful survey reveals that 14 townships have been flooded, and of these 10 will show a total loss of crops for this season. Altogether 300 families have been affected, but only a few of them really need material assistance. As long as they retain their milk cows they can with the pastures on the sand ridges and idle lands work out an existence this summer and fall.

President's Speaking Trip Probably Called Off

(By United Press)
Washington, July 23.—President Wilson will hold a conference with the republican senators before starting on his speaking tour of the U. S. "If he goes." This will take about two weeks if he saw all the republicans. Secretary Tumulty thinks the trip will be called off.

Scuttled German Warships, Which Will Be Salvaged by British After They Had Been Deserted by Hun Crews in Sinking Condition

Despatches from London state that the British admiralty has placed contracts for salvaging of the German warships scuttled by their crews in Scapa Flow. This photograph was taken just as several of the German destroyers, well filled with water from their open seacocks, were settling to the bottom.

SHANTUNG WILL BE FIRST TASK BEFORE LEAGUE

Japan Has Something to Which She Is Not Entitled, Delegate Avers

Paris, July 23.—Informal conversations on possible compromises which would solve the Shantung problem constantly are taking place. The opinion prevails in conference circles that some arrangements probably will be reached by which the gentlemen's agreement formulated between Japan and the other powers that Japan shall return Shantung to China, will be made public.

Washington, July 23.—Dr. Chao Chu Wu, one of the Chinese delegates to the peace conference, arrived in Washington today to discuss the Shantung settlement with senators and officials. Reiterating that China planned to submit the Shantung question to the league of nations immediately upon its formation, Dr. Wu paid a tribute to the American mission to the peace conference, declaring that the Chinese delegation deeply appreciated to work the mission had done on behalf of China.

"China," said Dr. Wu, "will not sign the peace treaty because she wants to be free to take whatever action may be necessary in the future. The league of nations undoubtedly will offer the best avenue to approach the situation."

Japan's promises in regard to Shantung were described by Dr. Wu as being "empty" of any real meaning.

"Japan promises to restore political rights" but retain economic rights," he said. "In China that means nothing. Look at the South Manchuria. There the Japanese have only economic rights, but everybody knows the Japanese are in complete control economically, politically and every other way."

10,000 BOX CARS ARE ORDERED TO NORTHWEST

Territory Tributary to Minneapolis Will Have 40,000 Cars for Box

Ten thousand new box cars will be furnished to the Northwest for the handling of the 1919 grain crop, according to A. J. Strouts, chairman of the grain control committee of Twin City terminals. Four thousand of the new cars already are on their way to Minneapolis, by order of the Railroad administration, he said.

Territory tributary to Minneapolis will be served by 40,000 cars during the movement of the grain crop. That number of cars is expected to be available by September 1. The Minneapolis terminal will be able to keep 6,000 carloads of grain moving daily, Mr. Strout believes, and does not expect an embargo until October 1 at the earliest.

Because milling companies can "hedge" on their sales of flour, 12,000,000 bushels of elevator storage will be available this year that could not be used during the movement of the last harvest, according to Mr. Strouts. The hedging privilege is expected to enable mills to buy and store their grain.

SECRETARY BAKER ACCEPTS COL. ANSELL'S RESIGNATION

Washington, July 23.—The resignation of Col. Samuel T. Ansell, former acting judge advocate general of the army, was accepted today by Secretary Baker. Colonel Ansell announced that he will continue his fight for a radical revision of the army court martial system.

George Primrose is Very Low
San Diego, Calif., July 23.—Geo. H. Primrose, noted minstrel, who came here three weeks ago suffering from a serious stomach disease, was reported very low at a local hospital today.

MINNESOTA TIED TO THE HIGHEST TELEPHONE RATE

(By United Press)
St. Paul, July 23.—Minnesota is tied to the highest telephone rates inaugurated until October 1, at least. The state railroad and warehouse commission is powerless to act for three months, because the federal law extends government control rates for that period, it is said.

The commissioners are receiving protests daily because of the increased rates. Whether the rates will be reduced after jurisdiction is restored to the state depends upon the promised investigation, which may last any where from 30 to 90 days. Thus, if the commission sees fit to reduce the rates the reduction probably could not be affected before November or December.

Schooner Dunlap Runs on Bar

(By United Press)
New York, July 23.—The schooner Dunlap loaded with coconuts went on a sand bar one-half mile from Edgemare, Long Island, early today. She is not in danger.

\$900,000 SHORTAGE IS ADMITTED BY BANKER

Philadelphia, July 22.—Ralph T. Moyer, cashier of the North Penn bank for whom a warrant had been issued, surrendered to the district attorney today. The bank closed on Friday owing more than \$2,000,000 to depositors. Moyer last night confessed to James W. MacBurney, receiver, that there was a shortage of \$900,000.

EUROPE'S FOOD ASSURED

Sufficient Supplies En Route to Provision Liberated Countries.
Enough food to provision the people of the liberated countries of Europe until their own farm crops have been harvested this fall will be in transit by July 1, it was announced by the American Relief administration, through Theodore F. Whitmarsh.

The American organization, which has had charge of distributing the \$100,000,000 relief fund voted by congress, will keep representatives overseas until the middle of August. Director General Herbert Hoover will not return to the United States until all American relief work is completed.

The United States has furnished \$500,000,000 worth of foodstuffs to the starving people of the liberated countries since the armistice was signed, according to Mr. Whitmarsh.

The immense ruin of pagan days was filled with people. Detachments of boy scouts occupied the arena. The scouts were in uniform and carried rifles. After the mass Monsignor Bartolomasi delivered a stirring sermon, in which he drew attention to the change in human thought which was able to convert this pagan amphitheater into a Christian temple.

Negro Slayers Escape; Armed With Razors, Slash White Men--- Woman Assaulted

FAST COAST TRAIN WRECKED AT OLIVIA

Two Minneapolis Men Injured When Olympian Is Derailed by Open Switch

Olivia, Minn., July 23.—The west-bound Olympian coast train on the Milwaukee railroad struck an open switch here late yesterday while it was running 55 miles an hour and the engine and eight coaches left the rails. The fact that no one was killed and only two persons slightly injured is attributed to the fact that the train was made up solidly of steel cars. The injured were on the engine.

Frank Frederickson of Minneapolis, fireman, was scalded about the legs and his back slightly hurt, and Arthur Bonniwell, coal inspector, of Minneapolis, was slightly scalded.

The train ran upon a siding where the engine plowed into two empty stock cars and turned over on its side in the ditch. The engineer, Kenneth Ferguson of Minneapolis, stuck to his post and was uninjured. His coolness and courage were highly commended by the passengers.

Eight coaches left the rails, the two baggage cars being saved from turning completely on their sides by a pile of cinders alongside the track. The dining car smashed into the stockyards and was held up by the pilings, occupants of the car being able to crawl out of the door because a pile of potatoes had become jammed and prevented the door from slamming shut.

310th Engineers Sail From Brest

(By United Press)
Brest, July 23.—The First Battalion, 310th Engineers, sailed from here yesterday. They are mostly Wisconsin and Michigan National Guards.

HONOR SLAIN BOY SCOUTS

Ceremony Held Where Roman Emperors Threw Christians to Wild Beasts.

Rome.—Where once Christians were offered as a prey to wild beasts to amuse the Roman populace in the Roman coliseum by the Caesars a Christian service was celebrated recently in memory of the boy scouts of the Italian army who had done messenger service at the front and were killed in action.

The altar used for the service was one which had been carried by the Italian armies through many campaigns in the Alps, and was placed in the west end of the coliseum. The service was presided over by Monsignor Bartolomasi, who held the rank of general in the Italian army as chaplain-in-chief to the Italian forces. The immense ruin of pagan days was filled with people. Detachments of boy scouts occupied the arena. The scouts were in uniform and carried rifles. After the mass Monsignor Bartolomasi delivered a stirring sermon, in which he drew attention to the change in human thought which was able to convert this pagan amphitheater into a Christian temple.

Bears Third Set of Twins in Third Successive Year

Mrs. Annie Cholick, 24 years old, of Shamokin, became Pennsylvania's champion mother when the third set of twins in three years made their advent at the Shamokin State hospital. The first twins, two boys, were born in 1917, the second pair, a boy and a girl, in 1918, and a few days ago two boys arrived, giving the woman a record of six children in three years.

Tips Wait Claimant.

Detroit, Mich.—Four finger tips are at police headquarters waiting a claimant. They were bitten off by Alger Thompson, taxi driver, when a holdup man tried to gag him.

Congress Resolutions Include Demands for Probe, Martial Law, Embargo on Arms

Washington, July 23.—Race hatred in the national capital, engendered by attacks on white women by negroes and fanned by three successive nights of rioting, found expression again tonight in clashes between whites and blacks. A home defense guard was shot and killed, a second guard fatally wounded and died later, an another white man slashed severely by a razor wielded by a negro. All of the negro assailants escaped.

The outbreaks were confined to a single locality, the center of the black district of the northwest section. This was due, in the opinion of the authorities to the extraordinary precautions taken to prevent formation of mobs and to a rain which began early in the evening.

Approximately 1,500 troops—cavalry, infantry, marines and sailors—patrolled the streets and awaited in reserve for possible outbreaks, supplementing regular and volunteer police. Detachments of marines, from Quantico, Va., and regulars under command of Maj. Gen. William G. Hahn, from Camp Meade, arrived early in the evening and took up stations in various parts of the city or on the outskirts.

Seven are Dead
Tonight's casualties brought the number resulting from the rioting which began Saturday night, to be fatally wounded and scores injured, more or less seriously.

The only fatal outbreak occurring tonight up to midnight resulted from the stopping of a negro by Isaac Halbfinger, a home defense guard. Halbfinger attempted to search the black who drew a gun from his pocket and shot the guard through the heart. Another home guard like Halbfinger, armed only with a riot stick, ran to his companion's assistance and also was shot. He died later. The negro escaped.

Two negroes with a razor set upon a white man in the northwest section of the city as he was leaving his home and before he could escape slashed him severely.

Fire on Whites.

Negroes in several parts of the city were reported to have fired on passing whites but in no other instances was anyone killed or injured. Some of the negroes were arrested tonight charged with carrying firearms, with which they have been stocking up for several days.

President Wilson took cognizance of the situation today when he called Secretary Baker to the White House for a conference on steps that might be taken by the military in cooperation with civil authorities to prevent recurrence of the outbreaks. The president was understood to be greatly concerned over events of the last three nights in the capital.

STOP GERMAN STRIKE

American Military Authorities Put Down Strike by Show of Force

Coblenz, July 23.—American military police armed with machine guns and sawed off shot guns, put down a strike of German workmen yesterday in less than two hours after the men had walked out, merely by their presence in the district.

The strike, aggregating 800 Germans, was in Bendorf-on-Rhine. It was called in conjunction with the general strike in Berlin and other parts of Germany, in spite of the warning issued from American army headquarters.

When word reached Coblenz that the men had struck, 40 military policemen under command of Capt. William Dewhurst of New York city, rushed to Bendorf in motor trucks. The soldiers took up positions in various parts of the town. Almost as soon as the machine guns were in position the strike leaders sent word to Captain Dewhurst that the strike was called off.

The First National bank today received the balance of their Victory coupon bonds. Subscribers are requested to call at once and receive their bonds.

Isaac Hazlett of Minneapolis and J. J. Meyer of Wadena, prominent bankers with interests in fourteen or more banks of Central Minnesota, were in the city today.

Miss Lizzie Ness arrived here from Watertown, S. D., Saturday night visit her uncle and aunt, Mr. and Mrs. John Lyng for a couple of weeks.

A Little Falls Transcript editorial of a few lines says very distinctly: "Yes, Charlie, it is now safe to drive

on the road between Little Falls and Brainerd."

Con Faupel, of Merrifield, was in the city today on his way to Gloucester City, N. J., where he was called by the illness of his brother, whom he has not seen for twenty-seven years.

The Misses Sadie and Nettie Hetting, guests of their brother-in-law and sister, Mr. and Mrs. George Copersmith, at their summer cottage at Merrifield, returned home to Minneapolis this afternoon.

Tires, oil, accessories, new and second hand cars for sale at bargain prices. Going out of business. Turcotte-Hardy Auto Co. 41tf

More fronts are being painted in the business section of the city than Brainerd has ever seen in years.

Brainerd is getting a dressed-up appearance which makes a good impression on the tourist.

One used Hudson 5 passenger car and one used Studebaker 7 passenger car for sale at a great sacrifice. Both cars in good condition and may be seen at Turcotte-Hardy Auto Co. garage, 318 6th St. So. 43tf

The Misses Catherine McGarry and Marcella Goedderz of Brainerd, sister and niece of Mrs. George Kerr of this city, returned to their home after a visit of three weeks at the home of the latter.—Bemidji Daily Pioneer.

In a letter to Brainerd friends, Mrs. A. B. Hitch said Liscomb, Iowa, is booming. Some farm land near by sold for \$560 an acre. A man bought some at that figure and then sold out for \$600 an acre. Mrs. Hitch has a valuable large farm near Liscomb.

Further lands for sheep and cattle grazing are being listed with County Agricultural Agent E. G. Roth, room 209, Iron Exchange building. Contractor Illstrup & Olson, sewer contractors working in Brainerd, has land near Wright which he listed with the agent.

H. F. Michael left for Chicago this morning on his fall purchasing trip. He will be joined on Monday by Miss Selma Anderson who will assist in the selecting of garments. Mr. Michael is going on his purchasing trip earlier than usual on account of the scarcity of merchandise and the advancing prices. He will be gone about two weeks.

Mr. and Mrs. J. F. Starritt and son Harvey, who have been the guests of Mr. Starritt's brother, A. J. Starritt, of the Windsor Hotel, motored to their home at Tonka Bay last evening. As on former trips, Mr. Starritt expressed himself as greatly impressed with the crop conditions, good roads and the lake region of Crow Wing county.

All along the route of the Minneapolis Automobile club to Walker Saturday, summer tourists are planning on demonstrations to advertise their places. Grandview Lodge and Ozonite camp and others will have fifty cars out to escort the Mill City men along their section of the route. Pine River will extend a welcome. Walker boosters will meet them and swing the party in triumph to their town.

At "Birchdale," summer resort of George R. West at North Long Lake, every one of his dozen or more cottages is taken. There are people there from Hibbing, Montana, Missouri, Oklahoma, and other states and the J. W. Koop family from Brainerd. To get a cottage now it is necessary to sign up on a waiting list. In fact, some of the visitors are signing up for quarters next year.

Dispatch want ads measured 17 help wanted, 2 for rent, 15 for sale and 6 miscellaneous wants. Telephone your wants to the Dispatch. Northwest 74, or mail the ad or have it sent to the office. Ads are a cent a word first insertion, half a cent a word each time thereafter. They solve the small, aggravating worries of life, gain help for you, rent rooms or flats, sell used articles, recover lost ones.

Don A. Freeman, exalted ruler of the St. Cloud lodge of Elks, has presented Little Falls lodge with a check of \$50 to be added to the Elks home building fund in Little Falls. Mr. Freeman said it was as a token for the many good times the Little Falls lodge members have shown him and other Granite City Elks in the past and he hoped for a continuation of the fraternal feeling between St. Cloud and Little Falls people.

Fred Kruger of Northeast Brainerd visited in Ironton Saturday, and took two degrees in the newly organized Mooseheart Legion. The purpose of the Mooseheart Legion is to further the cause of the orphan home and home for the aged at Mooseheart, Ind. The Ironton ladies of the order served the banquet, which all who attended say was the best ever served on the range. Efforts are being made to get a class in Brainerd for October.

Rising land values are shown by this story from St. Cloud. About eight years ago T. K. Hasbrouck

bought 104 acres south of Sartel. Three weeks later he sold the farm at \$65 an acre. His buying price was \$46. Four years after the deal Mr. Hasbrouck decided he wanted that particular piece of land back again, and he paid the neat sum of \$100 per acre. On Saturday last he again sold the farm, doubling the price, for he received \$200 per acre for it.

The Betch-U-Wana club gave another of its well attended, very enjoyable dancing parties at Gardner auditorium Tuesday evening. Mitz Witham's five piece orchestra furnished the music and its program was one of the best of the season. A representative of the Whitmark Music House of New York city was present and danced and later was so impressed by the orchestra's playing that he presented Mr. Witham with fifteen of the latest Whitmark selections of dance music.

Louis Sherlund and the Dispatch reporter evolved a scheme for apportioning out the cars Friday evening when the Mill City Men arrive in Brainerd. Either at Little Falls or upon arrival in Brainerd each Mill City car will be given a tag attached to the steering wheel, designating the garage which will be its designation for storage for the night. The garages, all members of the Associated Garages of Brainerd, extend a welcome to Brainerd on the tags displayed. The cars will be apportioned, Brainerd Motor Co. thirty, Stadlbauer garage thirty, W. E. Live-ly twenty-five, Sherlund Co. fifteen, Rosko Bros. ten, Imgrund garage five. In addition to these cars there may be boosters from St. Cloud and Little Falls accompanying the Mill City People.

Although it has been believed that the Supreme Council under Premier Clemenceau's presidency would resort to a tight blockade of Hungary as a first step towards forcing out the Bela Kun Bolshevik government, reports from Italy state that General Franchet d'Esperey, commander in chief of the allied armies in the Near East, has delivered an ultimatum to Bela Kun. Acting under the full powers conferred upon him by the peace conference, General d'Esperey is said to have demanded the immediate resignation of the Soviet ministry in favor of a free government elected by popular vote.

bought 104 acres south of Sartel. Three weeks later he sold the farm at \$65 an acre. His buying price was \$46. Four years after the deal Mr. Hasbrouck decided he wanted that particular piece of land back again, and he paid the neat sum of \$100 per acre. None of these marriage matters, however, compare with the Chinese custom which causes bacon and sugar to be hung on the sedan chair of a Chinese bride, in order to keep the demons from molesting her on her wedding journey. The Chinese bride-to-be, too, has to stand in a round, shallow basket while she dresses for the wedding, in order to make her of a good temper and amiable disposition.

Daily Thought.
Wind puffs up empty bladders; opinions, fools.—Socrates.

Is Your Blood Hungry For Iron?

Iron is The Food That Gives You Strength, Energy and Power—How To Make the Test That Tells

Actual blood tests show that a tremendous number of people who are weak and ill lack iron in their blood and that they are ill for no other reason than lack of iron. Iron deficiency produces health, energy, action, puts down the whole organism and weakens the entire system. A pale face, a nervous disposition, a lack of strength and endurance and the inability to cope with the strong vigorous folk in the race of life—these are the sort of warning signals that Nature gives when the blood is getting thin, pale, watery and literally starving for want of iron. If you are no more of your condition, go to your doctor and have him take your blood count and see where you stand or else make the following test yourself: See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nutrated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. By enriching the blood and creating new red blood cells, Nutrated Iron strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and power into the whole system.

Unlike the other inorganic iron products Nutrated Iron is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser as they will refund your money. It is dispensed by all good druggists.

OLD BELIEFS STILL SURVIVE

Queer Marriage Customs and Superstitions Extant in Many Parts of the Old World.

It is an old belief that marriage should take place when the moon is waxing and not waning. If it is to be a lucky match, and in many north-country districts a strict inquiry is made as to the state of the moon before the wedding day is fixed, according to a writer in London Answers. In the north, too, no wise bride will ask an odd number of guests to her wedding feast, for an old superstition has it that if this be done one of the guests will die before the year is out.

In the highlands it is taken as a terribly unlucky sign if a dog should run between the bride and groom on their wedding day; while in Derbyshire prospective brides still tell the bees of their wedding and decorate the hives for the occasion. In parts of England and Scotland there exists an ancient custom for which reason is hard to find, by which part of the wedding cake is broken over the head of the bride and the guests scramble for pieces.

None of these marriage matters, however, compare with the Chinese custom which causes bacon and sugar to be hung on the sedan chair of a Chinese bride, in order to keep the demons from molesting her on her wedding journey. The Chinese bride-to-be, too, has to stand in a round, shallow basket while she dresses for the wedding, in order to make her of a good temper and amiable disposition.

Is Your Blood Hungry For Iron?

Iron is The Food That Gives You Strength, Energy and Power—How To Make the Test That Tells

Actual blood tests show that a tremendous number of people who are weak and ill lack iron in their blood and that they are ill for no other reason than lack of iron. Iron deficiency produces health, energy, action, puts down the whole organism and weakens the entire system. A pale face, a nervous disposition, a lack of strength and endurance and the inability to cope with the strong vigorous folk in the race of life—these are the sort of warning signals that Nature gives when the blood is getting thin, pale, watery and literally starving for want of iron. If you are no more of your condition, go to your doctor and have him take your blood count and see where you stand or else make the following test yourself: See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nutrated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. By enriching the blood and creating new red blood cells, Nutrated Iron strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and power into the whole system.

Unlike the other inorganic iron products Nutrated Iron is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser as they will refund your money. It is dispensed by all good druggists.

WOMAN'S REALM

Double Wedding

A very unique double wedding was solemnized at the parsonage of the First Methodist church on Monday evening, July 21, when Earl Leonard Bedal, son of Mr. and Mrs. Leonard Bedal of N. E. Brainerd, was united in marriage to Miss Dolores Daphnee Hall, daughter of Mr. and Mrs. Roy Hall of South 4th street, and Samuel Bloomstrom of N. E. Brainerd was married to Miss Christine Louise Isle, daughter of Mr. and Mrs. Richard Isle of 223 Kindred street N. E. A striking feature of this event is that all four of these young people were born and reared in Brainerd. All have had their training in the Brainerd schools. The young men are both employed in the N. P. shops and the sincere respect of all who know them. The young ladies have both been employed in the Woolworth block and are very popular among their host of friends. After the wedding a very dainty luncheon was served for them at the home of Mr. and Mrs. Richard Isle, which nicely filled in the time till the train for the west was due, which took the happy quartet on a brief wedding trip. Mr. and Mrs. Bedal went to St. Paul and Mr. and Mrs. Bloomstrom to Washington. They will return after their trips and make their home in Brainerd.

Southwick At Normal

Frederick Southwick, baritone, of Chicago, will give a recital at the Normal school assembly hall on Wednesday evening, July 23rd. The program will begin promptly at 8:30. No admission will be charged. Mr. Southwick comes very highly recommended. He is an artist with scholarly training and attractive personality. He has a rich, mellow, baritone voice.—St. Cloud Journal Press.

Catholic Foresters

The Woman's Catholic Order of Foresters, St. Francis Court 393, will hold the regular meeting at the large hall in Citizens State bank building on Thursday, July 24th at 3 P. M. All members are requested to be present.

You Need Not Travel

It is safe to say that as many persons have secured relief from hay fever and asthma at home by taking Foley's Honey and Tar as have been benefitted by going to health resorts. It heals and soothes the choking, "stuffed-up" sensation. Good for all colds, coughs and croup. Contains no opiates. H. P. Dunn. mwf

SAVE YANK CITY
IN MACEDONIARed Cross Cares for People
Made Destitute by Bulgarians.

LIKE REAL AMERICAN CITY

Headquarters of American Oil and Tobacco Interests Opens After Bulgarian Occupation—See Awful Picture of Misery.

Kavalla, Macedonia.—Few Americans, except those in the tobacco industry, have ever heard of this little port on the Aegean sea. Yet it has many features and activities to commend it to the interest of the people of the United States.

Here the finest tobacco in the world—the bulk of which is consumed in America—is grown. Here the great American tobacco companies have export headquarters. Here the biggest oil company of the United States and America's greatest relief organization, the American Red Cross, have distributing centers.

Indeed, Kavalla has come to have some of the aspects of a real American city. There are so many Americans here that one feels himself only a few hundred miles from home. Instead of in the heart of a remote region, whose beginnings antedate the birth of Christ.

Bulgaria Wants Harbor.

For years Bulgaria has looked upon Kavalla with a covetous eye. Although defeated and subdued, she looked hopefully to the peace congress at Paris to give her Kavalla as a port. Yet Kavalla is not a harbor. It is merely a roadside affording good anchorage for coastwise steamers.

Millions of dollars and endless development would be required to convert the city into a first-class port. But Bulgaria, which now has only the shallow port of Dedegatch at the mouth of the Gulf of Enos, was and is anxious to get an outlet through Macedonia and the sea for her large output of tobacco, wheat, live stock, silk and attar of roses, and would be quite ready to spend any sum in developing and deepening the harbor.

Kavalla is situated on a rocky peninsula and is dominated by the ruins of an old Venetian fort. It is protected from the south by the Greek island of Thasos. Back from the seacoast is a mountainous district known in Macedonia as the Pangalon.

Coursing through the valley, on Pangalon's eastern slope, is the placid Angista river, which some historical writers believe to be the stream where Paul baptized Lydia. On all sides of the mountains in this region is rich arable land peculiarly adapted to the growth of tobacco. The best land in the world is grown here, and so valuable are the fields for tobacco culture that very little else is cultivated.

During the war the Bulgarians adopted in Kavalla the same ruthless practices they followed in all occupied territory. They pillaged and destroyed. They made every effort to make the land uninhabitable. They cut down the trees and carried off furniture and everything made of wood. They sacked the homes and drove the Greek inhabitants out.

As a result of all this, when the Greek commission of the American Red Cross established relief posts here, a few days after the armistice, their representatives found living conditions almost unsupportable.

First Red Cross Base.

Kavalla was the first city in Macedonia to become a base for Red Cross operations.

The natives speak with unbounded gratitude of the help given them by the Americans. They say the food furnished by the American Red Cross was the first substantial nourishment they had in four years.

No section of the Balkans ever presented a more depressing picture of misery and squalor. When the Americans came in they found the inhabitants dying by the dozen from famine, exposure and typhus.

They immediately established soup kitchens and dispensaries and gave out tens of thousands of American-made garments. They sent in doctors, nurses and medical supplies. They distributed hundreds of thousands of loaves of bread made of American flour. They established shelters for the homeless women and children. They cared for the hordes of broken and dispirited Greek and Serbian soldiers who had been released from vile prison camps in Bulgaria.

In their devotion to the task of rescuing the typhus-stricken population two of their number lost their lives and three nurses contracted the dread disease.

Remarkable Restraint.

Dallas, Tex.—S. G. Scott, civil war veteran, disputes the world's championship claim of a Pennsylvanian who ate 42 eggs at one sitting. Scott says during the war he ate 47 and stopped while still hungry "because he didn't want to make a hog of himself."

Cupid Is Married.

Belleville, Ill.—Well, that's done. Cupid's married. David E. Odell of Portsmouth, O., and Miss Cupid Carmon of Chicago were married here.

Flowers Loved by All

Flowers seem intended for the solace of ordinary humanity; children love them; quiet, contented, ordinary people love them as they grow; luxurious and disorderly people rejoice in them gathered; they are the cottager's treasure, and in the crowded town mark, as with a little broken fragment of rainbow, the windows of the workers in whose hearts rests the covenant of peace.—Ruskin.

The Chrysanthemum

It is believed that the first specimen of the chrysanthemum in Europe was reared at the Botanic gardens, London, in 1764. The flower's rise into favor was chiefly due to the Stoke Newington Chrysanthemum society, which held its first exhibition of blossoms in 1840 and served as a school of chrysanthemum culture for the world.

Relic of Noah.

The Desert de Carlitte, in the Pyrenees, close on 10,000 feet above the sea, contains no fewer than 60 lakes of varying sizes. These, according to local tradition, were left at the time of the flood. When the water subsided, it is said, Noah and his family landed on the Puy de Prigue, one of the highest peaks in the district.

Education the Only Road.

Education alone can conduct us to that enjoyment which is at once best in quality and infinite in quantity.—Horace Mann.

Steel and Iron.

Steel is a kind of iron which can easily be hammered out thin without cracking and can be made extremely hard by being heated and then cooled quickly. It is different from ordinary iron because of the amount of carbon in it. Wrought iron contains less carbon than steel and so it cannot be made so hard; cast iron contains more and so is brittle.

He Was Almost Past Going

"I suffered with kidney trouble for three years," wrote D. Bell, St. James City, Fla., "and for six months I have been almost past going. I began taking Foley Kidney Pills, and before I used two bottles my pains were all gone." Relieve backache, rheumatic pains, stiff, swollen joints, sore muscles. H. P. Dunn. mwf

Milton and Italy.

How delightful was Italy to Milton! His Allegro and Penseroso show that he could fully appreciate both its mirth and its majesty. He returns not the less to live out a career of illustrious service in his own country, where his brave heart and philosophic mind were of more avail to his time than even his sacred song to ours.—Julia Ward Howe.

WEDNESDAY, JULY 23, 1919.

UP TO BRAINERD

This city will entertain a party of prominent citizens from Minneapolis and towns along the route on Friday evening, July 25, the occasion being the annual automobile tour of the Minnesota Automobile association. Walker, the home of Senator P. H. McGarry is the objective of these tourists, the trip being made in his honor as a recognition of the splendid work he has accomplished in the interests of good roads.

Brainerd will be the night control of the party, over two hundred are coming according to late reports and the details of their entertainment require hard work and cooperation. At this time of the year it is some problem to house this extra number of people. Tourists are coming and going, transient trade is at its zenith and hotels are crowded. Brainerd will meet the emergency, it is hoped and believed and the committee in charge should be given every assistance and support.

The tourists will be met at Little Falls and given a cordial welcome piloted on their way here and on Saturday morning a number of cars will accompany them to Walker in honor of Senator McGarry. A splendid evening program of entertainment has been arranged here and the Dispatch urges citizens to assist in every manner possible, list their extra rooms with the Chamber of Commerce and offer their services, in order that the visitors may leave here with pleasant memories of their stay and a good word for the progressiveness, hospitality and resourcefulness of our city.

With the cooperation those responsible for securing the night control for Brainerd and the arrangements of details are entitled to, there can be no question as to the happy conclusion of the event. It means much for Brainerd, the press is will-

ingly giving the due publicity to the plans and details and we can ill afford to permit of any failure in the proper reception and entertainment of these visitors. It is no one man's job, it is a community job in which all should and we hope will participate.

MAN ALIVE! WHO SAID CARNIVAL WAS BEST EVER

The World's Fair Shows which played in Brainerd the week of July 14 was not of the highest standard and Brainerd people would put the show with the high sounding title at the bottom of the list. It was only out of courtesy to the park board, under whose auspices the carnival played, that the Dispatch did not criticize the show severely.

However, when the flat assertion is made in Brainerd by these carnival people that they were the best ever visiting Brainerd it is time to call a halt. No one will deny that never has a carnival come to Brainerd with so many concessions, 50 or more, tagging along.

Here is what the Brainerd Daily Pioneer quotes the manager saying:

In reply to a query as to business in Brainerd, the manager replied, "We did a splendid business in Brainerd. It was said we had the best line of shows and attractions ever in that city, and we feel flattered for having been offered and accepted a contract for the big Hibbing celebration which will be held in three weeks."

WORLD OF WELTS

About all that Germany got out of world politics was a series of welts. —Charleston News and Courier.

THAT HOHENZOLLERN PERSON

"Me" will be tried alone in London. —The Boston Globe.

Wise John.

John was able to persuade Ruth to do most things he desired. One day the children, with their little cousin, Edward, decided to draw pictures. Edward and John each found a pencil, but Ruth was still without one until her mother came to her aid with a big new pencil. John, whose pencil was a blue stub, looked longingly at the new one and then, in a coaxing voice, said: "Ruthie, don't you want this nice pretty blue one? It just matches your eyes." Needless to say, John secured the long pencil.

Franklin's Discovery.

On June 15, 1752, Benjamin Franklin "discovered" electricity by demonstrating his theory that lightning and electricity were identical. Choosing a sultry day, when menacing clouds showed that a thunder storm was imminent, Franklin sent up a kite of silk on a framework of iron wire. The cord was of hemp with a piece of silk at the hand end, and above the silk was attached an iron key. When the storm broke the string stiffened and sparks darted from the key. Again and again Franklin drew the spark from the iron, and thus demonstrated his theory.

PHILADELPHIA REDEEMED FROM CLUTCHES OF CONTRACTORS AND BOSSES BY NEW CHARTER

Senator Boies Penrose Gov. Wm. C. Sproul Clinton Rogers Woodruff

Philadelphia is emerging from the clutches of contractor and boss rule under a new form of government provided by a new charter and bills passed by the Pennsylvania legislature and signed by Gov. Wm. C. Sproul. The new legislation, which was approved by all the commercial and civic associations of Philadelphia, and was supported by all the newspapers of the city, was backed by Senator Boies Penrose, to whom is given credit of putting it through the legislature. The Senator spent a considerable part of his time in Harrisburg organizing sentiment for the reform measures.

In a public review of the legisla-

tion, Clinton Rogers Woodruff, for 25 years secretary of the National Municipal League, declares the new charter is a long step forward in city administration.

Instead of a double body of 145 men, elected from easily controlled pocket boroughs, the new council has 21 members, each of whom is to receive a salary of \$5,000 a year. New registration laws prevent padding of voting lists.

December 15th, each year, the mayor must present a financial budget for the ensuing year, within which the council must keep the financial program.

Dual office holding is abolished and police and firemen are placed under civil service.

Contractors who have dominated Philadelphia politics are thwarted by provisions requiring the city to do all street repairing, street cleaning and collection of ashes and waste, rubbish and garbage.

The bureau of health is made a department and a Department of Public Welfare established.

The purpose of the new reform bills is to overcome the barriers of political organization and to compel party leadership to respond to the popular will.

The legislation was regarded of such importance that the signing of the bills was made a spectacular occasion, at which many of the foremost men of Pennsylvania were present.

MINNEAPOLIS MEN TO VISIT BRAINERD

McGarry-Walker Good Roads Tour in Honor of Sen. P. H. McGarry

NIGHT CONTROL IN BRAINERD

Tour Run Under Auspices of State Automobile Association
 July 25
 BY ROY G. HILL,
 (Secretary Minneapolis Automobile Club)

The stage is all set for the McGarry-Walker Good Roads tour from the twin cities to Walker, Minn., in honor of Senator Patrick Henry McGarry of Walker, chairman of the senate good roads committee. Senator McGarry has always been a booster for Minnesota's vacation possibilities and it was while engaged in advertising Minnesota as such that he became interested in the good roads question. He realized that in

order to make the most out of our wonderful scenic asset we must have good roads to get the visitors about.

Senator McGarry was particularly active in the passage of the bill providing for the submitting to the people for vote the amendment to the constitution permitting the state to engage in internal improvements and the adoption of what is known as the Babcock highway amendment.

The tour which is being run under the auspices of the Minnesota State Automobile association, will leave the parade at Minneapolis, Friday, July 25, at 8:30 a. m. The route will be via St. Cloud, where the tourists will be the guest of the Automobile club of St. Cloud at luncheon and a short drive about town.

A one hour control has been arranged for Little Falls, where the Automobile club of Little Falls will take the tourists in hand and show them about their beautiful little city.

The Automobile club of Brainerd will have charge of the tourists after reaching the city, where arrangements have been made for dinner. The evening and night will be spent there.

Leaving Brainerd Saturday morning the tour will run to Walker, arriving there about noon. Dr. F. L. Wilcox has charge of arrangements for the Automobile club of Walker.

The tourists will be met by a reception committee of full blood Chippewa Indians and escorted to the steamer Northland, which will take the tourists across the lake to Ottertail Point where the Automobile club of Walker will serve one of their famous omelets in the open fish dinners. After dinner the party will be brought back to the Walker docks and Glengary, the summer resort home of Senator McGarry.

Literature and entry blanks have been mailed to every member of the club and indications now are that there will be between 50 and 75 cars leave Minneapolis on the morning of the 25th.

Louis F. Boher has charge of the tour for the Minnesota State Automobile association and Bohn E. Pawkes has charge of the Minneapolis contingent. Working with Mr. Pawkes on the tour committee are Einar Lee and L. M. Browne.

Entries officially close on July 22. In order that the committee may be able to advise the Brainerd club and the Walker club definitely as to the number to expect.

Full information in regard to the tour may be had by calling city headquarters of the Automobile club of Minneapolis at Hotel Radisson.

"D'ye Ken John Peel?"

"Some songs are immortal, and 'D'ye Ken John Peel' is one of them. The lilting tune of it was infectious on the fields of France, and many a British soldier learned the words, too, for the first time. The history of the song, about which there have been many excited arguments, can now be definitely settled, for at Sotheby's, recently, the original manuscripts of John Woodcock Graves' words, and of William Metcalfe, the Carlisle cathedral singer's music, were offered for sale," says the London Telegraph.

"I declare that I never thought myself more than a hedgerow rhymist till I was called out as the author of 'John Peel,' Graves said.

TAKE NO JOY IN PRODUCTION

Workers in Quarries From Which Famous Carrara Marble Is Taken Lead Dull Lives.

Carrara marble is associated with the silent beauty of great cathedrals and monuments. There is none of that dignity about the place of its origin. The little Italian town of Carrara, huddled beside the mountain quarries for which it exists, is a place of confusion and clamor, of men and beasts laboring to supply the world with a commodity.

The Pyrenees mountains have been supplying this marble for centuries. The quarry workmen have for years toiled, as their ancestors before them toiled, to keep up the steady outflow of Carrara marble for the hand of sculptor and architect, and even to make possible that ornament beloved of our grandmothers, the marble-topped table.

For Carrara's laborers, sawing and hammering incessantly, there comes none of the artist's joy of working with a perfect medium. In their treadmill of hard labor the slabs of glistening stone long ago became as dull and unappealing as so much iron or coal. Blocks of perfect marble are dragged about recklessly and laden on wagons behind long strings of weary oxen.

Carrara exists for the last day of the week. Then, clutching its earnings so hardly won, it hustens to the town's gathering places and for a few intoxicating hours throws off the grip of the quarries.

Daniel Webster.

The ponderous strength of his powers strikes us not more forcibly than the broad individuality of the man. Were we unacquainted with the history of his life, we could almost infer it from his works. Everything in his production indicates the character of a person who has struggled fiercely against obstacles, who has developed his faculties by strenuous labor, who has been a keen and active observer of man and nature, and who has been disciplined in the affairs of the world. There is a manly simplicity and clearness in his mind, and a rugged energy in his feelings, which preserve him from all the affectations of literature and society. . . . We never consider him as a mere debater, a mere scholar, or a mere statesman; but as a strong, sturdy man. The school and the college could not fashion him into any foreign shape, because they worked on material too hard to yield easily to conventional molds. — Edwin P. Whipple.

Castle Carriga-Hooley.

On the west coast of Ireland stands a castle bearing the euphonious name of Carriga-Hooley. Several centuries ago this was the favorite castle of Grace O'Malley, an Irish amazon, who took unto herself the title of queen, and ruled over several counties in a fashion not at all in accordance with sixteenth century ideals of femininity.

Home rule in Ireland was demanded even in those days. When Queen Elizabeth offered to make the Irish maid a countess, history reports that she answered proudly, "I consider myself as great a queen as your majesty."

On her voyage from the English court to her mountain domain, Queen Grace stopped at Howth castle, and being but coldly received by the lord, she proceeded to teach him hospitality by abducting his son and heir, returning the child only on the promise that the gates of Howth castle were to swing open always at the dining hour.

AMUSEMENTS

BEST THEATRE TODAY

At the Best Today
 Admirers of Charles Ray who were worked up to a high pitch of enthusiasm by the baseball game in "The Busher," will find special delight in the new production, "Greased Lightning," which will be presented at the Best theatre today.

In this photoplay Mr. Ray becomes a speed demon and the climax of the story see him in the racer of his own make run down the villain who has beaten and defrauded the father of the sweetheart of the hero. The name of the story is derived from a racing auto, and Mr. Ray plays the part of the village blacksmith who is the inventive genius of the community.

At the Best Tomorrow

Several sets of remarkable beauty have been provided by Director Edward Jose in the new Paramount picture, "The Two Brides," starring Lina Cavalieri, the famous prima donna, which will be shown at the Best theatre tomorrow. One of these is a reproduction of an old Italian studio of the Renaissance period in Italy.

LINA CAVALIERI

The story of "The Two Brides" is a most interesting one, the situations being dramatic and the climaxes thrilling. In this powerful production, Mme. Cavalieri has a role unsurpassed for strength, interest and appeal by any she has essayed since she became a Paramount star. The story was written by Alicia Ramsey and adapted for the screen by Margaret Turnbull. Her leading man is Courtney Foote, and the support provided by Director Jose is of the highest class.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy. It is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for Constipation

Didn't Quite Understand.
 "John and his mother were sitting at the breakfast table one day, when John picked up a Testament from the table. The minister's wife said: 'You must not play with that book, for it is God's book.' John began, while at the window, to read, and he read the book so fast, he didn't read a word and a word."

CHARLES RAY in "Greased Lightning" A Paramount Picture

By Julien Josephson. Directed by Jerome Storm. Photographed by Chester Lyons. Supervised by Thomas H. Ince.

At right, Twelve-Cylinder Aristocrat have your day; Carry Charlie's precious girlie away on your soft leather cushions. You'll recked up later. Remember, "he who laughs last laughs longest."

"Greased Lightning" may have had a shabby exterior but remember again, Twelve-Cylinder Aristocrat, "clothes don't make a man," and—Well, Twelve-Cylinder Aristocrat found out. Come and see Charlie do the trick.

TOMORROW

Lina Cavalieri The Two Brides A Paramount Picture

She was more beautiful than any woman in the Latin quarter—but she was an artist's model whom neither his money, his gifts or his high position could influence.

Put two men competing for the hand of such a woman; one of them rich and handsome, a gentleman; the other a villain with a twelve-cylinder brain. There you have a picture!

Shows 3, 7:30 & 9:00

A Grateful Woman's Story

Mrs. Robert Blair, 461 S. 20th St., Terre Haute, Ind., writes, "After taking Foley Kidney Pills a few weeks I found my kidney trouble gradually disappearing. The back-aches stopped and I am also free from those tired spells and headaches and my vision is no longer blurred." They stop rheumatic pains. H. P. Dunn.

The Telephone Company Must Earn Something

This company has no "watered stock." A dollar has been invested in the property of the company for every dollar's worth of securities issued.

More than 130,000 men and women are stockholders in the Bell System.

If the money invested in our business did not earn a reasonable return, the owners of our securities would get rid of them and invest their money elsewhere.

And if this company did not earn enough so that our present investors would keep their holdings, it would be impossible to sell additional securities.

The result would be that we could make no improvements or extensions of any kind.

Sheepmen from Bozeman, Montana, to Pasture Flocks in County

AT PLATTE LAKE TOWNSHIP

Shipment is Only Beginning of Herds to Arrive in Brainerd

As a result of a campaign conducted by the Chamber of Commerce and the Farm Bureau among the farmers of Crow Wing county in securing available lands for Montana stockmen, several sheepmen have become interested in sending cattle and sheep from the drought stricken areas of Montana to the rich pasture lands of Crow Wing county.

Mr. Gumpy and Mr. Morgan, large sheepmen from Bozeman, Mont. have been in the county looking over available tracts of land to which to ship their bands of sheep and finally decided upon a tract of land kindly offered them by A. J. Sterritt and other land owners of Platte Lake township.

They were thoroughly impressed by the rich vegetation the county offers and have already telegraphed to their men to commence loading sheep and in the next week or so the first shipments of a herd of 8,000 sheep will begin arriving in Brainerd. Herders and dogs and all the paraphernalia that goes with a real sheep outfit will be brought along and the people of Brainerd will have the opportunity of seeing a real western outfit handle a large flock of sheep in true western style.

This shipment of sheep is only the beginning of the herds that probably will be taken care of in Crow Wing county and land owners with available areas of pasture are urged to list their areas at the Farm Bureau office or with Mr. Lincoln of the Chamber of Commerce.

The land owners of the county realize that by securing a large amount of stock in the county from these Montana stockmen they will turn the attention of settlers and land buyers to the rich possibilities of Crow Wing county. They realize that with a large amount of cattle and sheep coming into the county, all of them will not be returned to Montana or the markets this fall and that a large number of them will remain in the county to help develop the land and utilize the grasses that abound everywhere. It offers an opportunity for the local farmers to make a pick of cattle here for their herd, and thus furnish the farmers with better livestock and by doing so increase their efficiency and production.

The Test That Tells

There is only one real test for a cough remedy, and that is use. S. M. Oliver, Box 192 R. F. D. 5, Greensboro, S. C., writes: "Foley's Honey and Tar is just fine. I keep it in the house all the time. It soothes and relieves hay fever asthma, coughs, colds, croup, and bronchial affections. H. P. Dunn. mwf"

B. A. Y. ANNUAL PICNIC JULY 26

Fourth Picnic of the Brotherhood of American Yeomen, Homestead No. 692, to be

AT LUM PARK ON SATURDAY

Program of Sports, Prizes Offered. Dance in the Evening. Everybody is Welcome

The fourth annual picnic of Brainerd Homestead No. 692, B. A. Y., will be given at Lum park on Saturday, July 26. There will be races in the afternoon from 5 to 6 o'clock. These include 50 yards dash, men's race, for members only, with \$3 for first prize, \$2 second, \$1 third. Ladies race, 50 yards dash, \$3 for first prize, \$2 second, \$1 third.

Boys' peanut race, ages 8 to 12, \$1.50 first prize, \$1 second, 50c third. Girls' race, ages 8 to 12, \$1.50 first prize, \$1 second, 50c third.

A dance will be given in the evening. Everybody is welcome.

CROSBY GIRL IS A HEROINE

Crosby, Minn., July 23—Miss Norma Ingalls, young Crosby girl well known in Brainerd, was the heroine at the Presbyterian Sunday school picnic at the Y. M. C. A. grounds when she plunged into Serpent lake and rescued drowning Jessie Bame.

Miss Bame had swum into a drop-off and took cramps. She waved her hand and cried for help.

"I'm coming, Jessie," Miss Ingalls shouted encouragingly, and swam a hundred feet to the girl, taking her under one arm and starting for shore.

On the way, another bather became frightened and grabbed hold of Miss Ingalls. By a dexterous movement she threw the second girl from her back and brought the unconscious, half-drowned Miss Bame to shore where she was revived.

RURAL CARRIERS MEET

Crow Wing and Morrison County Carriers Picnic at Pine Grove Sunday Afternoon

Members of the Morrison County Rural Letter Carriers' association picnicked at Pine Grove park near Little Falls Sunday afternoon. Those present included members from Brainerd, Ft. Ripley, Randall, Swanville, Pierz and Little Falls.

Reports on the state convention held at Excelsior July 11 and 12 were made by Delegates C. C. Stromling and A. D. Grant. The local association gained a \$25 prize at that convention in a membership contest with other counties of the state.

The next picnic will be held at Crow Wing lake in August.

ROLL OF HONOR

Jack Mooney of the 34th engineers, over a year overseas, returned home Tuesday afternoon with two gold chevrons on his sleeve.

LIST YOUR ROOMS, AID THE COMMITTEE

Housing Problem for 200 or More Guests Friday Night Presents Itself Forcibly

HOTELS WILL BE TAXED FULL

Brainerd Car Owners Should Join in Tour to Little Falls to Greet Mill City Men

The housing problem for the two hundred or more guests who are to come here Friday evening as members of the State Automobile association tour to Walker, is becoming a serious one and thus far the committee has had very few responses from citizens to the request to list their rooms.

The hotels are taxed to their capacity on account of the tourist trade and unless Brainerd citizens arouse themselves and co-operate, all efforts of the committee to make this big community affair a success, will prove unavailing.

In every town along the line, the public is co-operating with but one aim, to make the sojourn of these tourists a success.

"George" cannot do it alone in Brainerd and the public is again urged to call up the secretary of the Chamber of Commerce and if they have an available room to list, do so, as they will be occupied by gentlemen who are willing to pay a reasonable price for accommodations. They will be assigned to rooms from the Ransford hotel, where the committee will be at work Friday at 6 o'clock.

Tour to Little Falls.

Owners of automobiles who are willing to make the trip to Little Falls Friday evening to greet tourists and show them that Brainerd is a hospitable and up-to-date city, are urged to join the party which will leave in front of the Ransford hotel at 3 o'clock sharp. Cars should be there no later than 2:45 as the tourists expect to leave Little Falls at 4:30. This is no race nor is it an endurance contest, but simply a delegation of Brainerd boosters, going to meet a larger delegation from the Mill city and to indicate that this town does things as they do elsewhere.

Everyone is invited to come. Make up your own party, take your ladies and decorate your car with a Brainerd banner. Be at the Ransford promptly at 2:45 and help put this over. The committee is working every moment to carry out every detail in a manner creditable to Brainerd.

GIRL INJURED

Margaret Holm, Age 8, Daughter of Ole Holm, Is Struck by a Car

Running in front of her father's automobile as he stopped to light the headlights, Margaret Holm, age 8, was hit by a car approaching in the other direction and sustained a three inch cut on her head and scalp wounds. She is now at the Northwestern hospital.

Her father, Ole Holm of 312 South Eleventh street, does not blame the car owner as the girl darted so quickly from his car that the other driver did not see her until she was struck. The accident happened in Northeast Brainerd near the fill, the family being on its way home from picking blueberries.

BRAINERD'S ODDEST STORIES OF TODAY

With transmission on the blink, the Ford of Harry Butler refused to operate and smoke in volumes poured from the car. Butler and companion left it near the Crow Wing crossing and walked to town and got a tow to take back the fliver.

Enter Joseph Skarold of 415 Kindred street in the tomato contest. He says he has had 415 ripe ones since Sunday, July 20.

Busy Week for Charles.

Charles was being buttoned into a clean white suit one Sunday morning after a giddy week. "Well," he mused, "this has been some exciting week. Monday we went to the zoo; Wednesday I lost a tooth; Thursday was Gladys' birthday; Friday I was sick; yesterday I had my hair cut, and now here I am rushing off to Sunday school."

These Blundering Authors!

We referred recently to one of John Galsworthy's American characters calling for "A flash of beer," now here's another writer, Arthur J. Rees, saying, "He is, to use an American colloquialism, 'quick on the uptake.'" Tut! This, as Barrie lovers know, is Scotch.—Boston Transcript.

HISTORICAL PAGEANT FILM

Only Opportunity at Brainerd to See This is on Friday Evening

The public is looking forward with much anticipation to Friday evening, when the two interesting films, the Historical Pageant film of the Northern Minnesota Development Association, in which John Smith, the oldest living being in existence stars and the film showing local citizens and others in a day's fishing at Leech Lake.

These two films, coupled with the program arranged for Friday evening, will give an entertainment of unusual merit.

Dr. Badeaux, who sings a group of songs, is well known to many admiring friends in this city. Advice from the range towns indicate that there will be a large number of people down for that evening.

Rev. Hans Wolner, who gives a humorous monologue in his own unique and side-splitting manner, will be one of the best features of the program. Rev. Wolner has seen life in all its varied phases. He is a man of magnetic personality and a platform speaker of unusual ability. Everywhere he has appeared he has proven one of the big drawing cards, with an urgent request to "come again."

The Park theatre will be open at 7 P. M. and the program put on at 7:30 sharp and again at 9 o'clock, thus giving the public an opportunity to take in this entertainment and to enjoy the fine band concert and community dancing at Gregory park later.

The local complexion of these two films should result in liberal support from the public and an evening's entertainment of rare merit is assured. The price is nominal and within the reach of all. This will be the first and only opportunity to see these films in Brainerd.

NO TROUBLE SINCE

Mr. Ellison's Statement is Most Convincing Evidence

When Mr. Ellison endorsed Doan's Kidney Pills he told of having received complete relief. Now Mr. Ellison tells how years have passed without any return of kidney trouble. Results that last are results that count. Brainerd people should gain by the experience of Chas. Ellison, 512 S. Quince St. He says: "My kidneys were disordered for several years and I seemed to gradually get worse. Nearly a year ago I was taken with awful pains in my back. I had to stop work and go to bed. Medicine patched me up somewhat and I got out in a few weeks but still had the old trouble and suffered severely. I began to take Doan's Kidney Pills and a few boxes put me in good shape. I could then work comfortably."

On November 5, 1917, Mr. Ellison said: "The cure Doan's Kidney Pills made for me some years ago is still permanent. I am glad to again recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ellison had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Dangers of Hot Weather

Anyone is doubly liable to ill effects from the hot sun when stomach and bowels are clogged with a mass of undigested food. If you suffer from sick headache, biliousness, bloating, "heaviness" or any ill caused by indigestion take a Foley Cathartic Tablet and you will feel better in the morning. H. P. Dunn. mwf

H. F. Michael Co.

Were you ever disappointed with your Home-made Preserves?

Even the best recipe can't make allowances for the way sugar will harden into candy—or for the failure of a jelly to "jell".

Thousands of women are finding the ideal preserving syrup is a blend of 1/2 Karo (Red Label) with 1/2 sugar—instead of all sugar. Preserving done this way is always uniform—jelly that really "jells"—jam that is neither too syrupy nor too thick.

It gives you preserves with the natural fresh fruit flavor.

This fine, clear Karo Syrup has a natural affinity for the juices of the fruit. It blends the fruit with the sugar—makes your syrup rich and heavy, and holds jams and jellies firm and mellow, with not the slightest tendency to "candy" in the glass.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

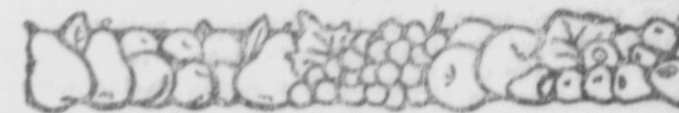

FREE A book of sixty-eight pages that gives you the best recipes for sure results in preserving. Easy to follow. The Corn Products Cook Book is handsomely illustrated—and it's free. Write us today for it.

When Tobacco Was Taboo.
In 1633 the Massachusetts general court ordered, a writer comments, "that no man shall take any tobacco within 20 poles of any house, or so near as may endanger the same." In 1798 an act was passed forbidding the carrying of fire through the streets except in a covered vessel, smoking, or having in one's possession "any lighted pipe or cigar" in the streets or on the wharves. The penalty was \$2. If the offender was in a ropewalk, the penalty was from \$5 to \$100. This prohibition of 1798 was not repealed until 1880.

POVERTY IN SOUTH AMERICA

Appalling Conditions Under Which Many Have to Exist in Latin-American Countries.

Consider for a moment the conditions under which thousands upon thousands of Latin Americans live. Out in the country they can get fresh air. But in the city they live with one window and a door. Seventy-five per cent of the houses have no baths and 28 per cent have no water facilities. Eight to ten families use the same faucet and toilet in the open court. Men, women and children live in the same room, without ventilation.

Now, it is bad enough for men and women to live so, but it is worse that children should grow up without any memories of a pleasant home. Yet there are thousands of children to whom the necessities and the decencies of life are unknown and to whom "home" means an old freight car.

Many Mexican girls marry at thirteen and have ten or eleven children by the time they are twenty-six. The men are employed at seasonal jobs in the sugar-beet fields, on the railroads, in the mines, harvesting beans, in orange and lemon orchards and doing construction work. Drunkenness is common. Babies are born into a world which has no clothes for them and shirts and overalls are lacking for the older children. Ignorance and superstition abound.—World Outlook.

Invented Pneumatic Caisson.

William Sooy Smith, builder of the first all-steel bridge in the world and inventor of the pneumatic caisson, was born in Ohio July 22, 1830; graduated at West Point in 1853; resigned from the army, but served during the Civil war, and later became eminent as a civil engineer and bridge builder. His invention of the pneumatic caisson revolutionized deep-river bridge building, and he was the first one to overcome quicksands in making foundations.

He was also a pioneer in moving big buildings and in the construction of skyscrapers. He was retired from the army with rank of brigadier general and died January 17, 1912.—Chicago Tribune.

Oblivion.

But the iniquity of oblivion blindly scattereth her poppy, and deals with the memory of men without distinction to merit of perpetuity. Who can but pity the founder of the pyramids? Herostratus lives that burned the temple of Diana, he is almost lost that built it; time hath spared the epitaph of Adrian's horse, confounder that of himself. In vain we compute our felicities by the advantage of our good names, since bad have equal durations; and Thersites is like to live as long as Agamemnon, without the savor of the everlasting register.—Sir Thomas Browne.

SPORTS

HOW LITTLE FALLS REGARDS CROSBY DROP

President Charles Sylvester of League Reviews the Incident

NEW SCHEDULE IS FORMED

"Crosby's Action Not Justified in Sense of Good Sportsmanship"

(Little Falls Transcript)

At a meeting of the directors of the Central Minnesota base ball league, held at Brainerd Sunday night, Crosby withdrew from the league, thereby reducing the number of teams to four, Staples having recently withdrawn.

There has been some little dissatisfaction on the part of some of the teams in regard to the playing of more than three outside players, and this was brought to a head in the protested Fourth of July games at Crosby and Ironton between these two towns.

At the meeting Sunday night, the action of President Sylvester in giving the first protested game, or the morning game of the 4th of July to Crosby, was sustained by the directors. After the settlement of this matter, Crosby registered a protest on the afternoon game, which was lost by Crosby. Their contention was that Ironton had used more than the stipulated number of outside players. This precipitated in an argument that resulted in the formal withdrawal from the league by Crosby.

President Sylvester, in reviewing the circumstances in connection with the withdrawal, said that while Crosby is technically justified in registering this and a similar protest on the Verndale game Sunday yet they are, in the interests of base ball in this community, not justified in the sense of good sportsmanship, or a fostering of baseball for the interests of base ball. It is a peculiar coincidence that all protested games by Crosby have been games in which they were beaten. Crosby will not be seen in another league game this year, and probably not in an exhibition game around here.

The schedule for the next three weeks was revised at the meeting, since two teams have dropped out, disarranging the plans of the committees that made out the first card. Those present at the meeting Sunday night were: Cook, Brainerd; Sibenthal, Crosby; Ridley, Ironton; Stoll, Little Falls; Pres. Sylvester.

HOW LITTLE FALLS LOST

Sunday Game, 3 to 2, Favor Ironton, Is Described

(Little Falls Transcript)

Little Falls journeyed to Ironton Sunday where a battle was staged that took twelve frames to settle. Little Falls was backed by a large contingent of followers, who saw Little Falls defeated by a one run margin, the score being 3 to 2 at the end of twelve innings of good ball.

Ironton started in the first when Schmidt took first on an over throw by Smith and drew up at second and scored on another wild throw. In the sixth they scored again when Russ leaned on the ball for four sacks. The two Little Falls scores came in the ninth with two gone. Brandell, third man up was hit, Armstrong, hit for one, Woods singled scoring Brandell. Armstrong took third on a wild throw. Stoll followed by hitting to Wolf, who threw wild and Armstrong scored. The next man up was retired leaving a score of 2-2.

In the 12th inning with two down, Schmidt got on an error. Russ followed with a single, scoring Schmidt, ending the most exciting game that has been staged in the league this year, with the opponents on the long end.

Woods got 16 strike outs and his teammates gathered 6 hits. Each team made a double play. Clemans of Ironton got three strikeouts.

The box score is incomplete and cannot be used.

Riverside Gun Club

The following scores were made by Riverside Gun club Sunday, July 20th:

Geo. Trent, Jr.	Out of 75
A. C. White	71
J. C. Davis, Sr.	67
H. Kalland	68
J. Goedderz	64
Harrison	61
Broschinski	Out of 50
Edw. Anderson	41
	46
	Out of 25
	19

The club shoots every Sunday for the balance of the season.

Little English Champion and American He Defeated in 20-Round Bout in London

Pal Moore (at left) and Jimmy Wilde

Jimmy Wilde, world champion fly-weight, who can't make a match attractive to the sporting public unless he concedes pounds to his opponent, again has demonstrated that he is one of the wonders of the prize ring. In a return match with Pal Moore, the Memphis, Tenn., bantamweight, who several months ago got a decli-

CATCH BLACK BASS

Fish Scooped up in Old Wagon Box When Stream is Forded

Here's the best fish story of the year in Little Falls and the fishermen are willing to make affidavit that it is the truth. George McPeak superintendent, and George Phelps, lineman of the Wing Telephone company, where in Eggleston Friday looking over the lines. Part of the way they had to take a boat. They were later obliged to call on Old Dobbin to help them on their way. The highway at one point was under water but they had to ford it. When they reached dry land again there were two large black bass in the bottom of the wagon box. The telephone men say they ran into a school of black bass just at the time the wagon was under water. Now the question is whether they caught the fish legally or not.

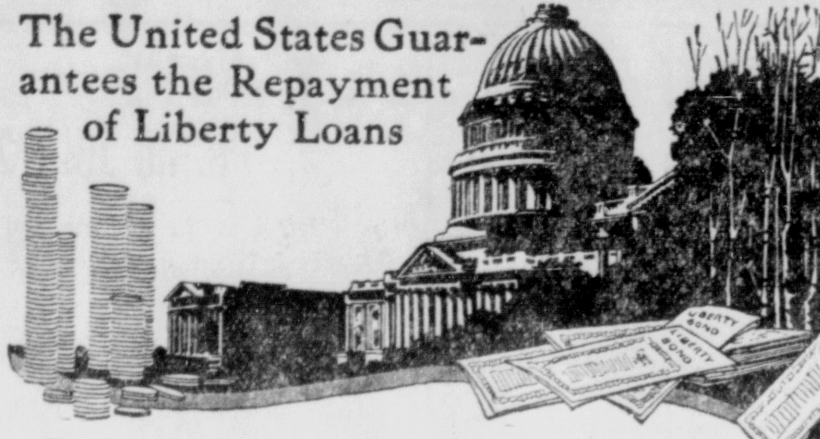

Pan Baseball Nine Defeated

The Pan baseball nine played the too-fast Anoka team and suffered such a marked, unconditional defeat that they, regardless of sportsman ideals, refuse to give anything definite regarding the result. The Pan Motor Co. has a fast team but fate decreed that the opponents be just a little superior.—St. Cloud Journal-Press.

Hutchinson Team Defeats Glencoe

Glencoe, July 23—Al Dretchko's Hutchinson Grays made it three straight defeating the local club here Sunday. Wade, Crawford, Borms, Higi and Nelson were the hitting stars for the visitors, while Jensen of Hutchinson and Spearbaker of the locals held the limelight in fielding. Batteries—Hutchinson, Crawford and Wade; Glencoe, Kykendahl and Donahue.

BEMIDJI GETS THE BRUSH

BY MCINTOSH'S BASEBALLIST

Bemidji's baseball team was defeated by McIntosh baseballists at Athletic park, Sunday afternoon by the score of 8 to 0. Bemidji had a pitcher named Kiefenheim who was "there" and Graves was on the receiving end. For the visitors, Narveson pitched and threw a good game. Stover was his batterymate.

Blommer-Guthmanns Win

The Blommer-Guthmann team of St. Cloud, first members of the Central Minnesota Baseball League, defeated Foley 8 to 5.

Fryman of St. Cloud struck out 14 Foley men. The Foley pitcher, Thies, from Minneapolis, fanned 7. Foley led until the Blommer-Guthmanns copped five runs in the sixth inning.

Ireland Still Medieval.

In Ireland we are still medieval, and think that how to live is more important than how to get a living. When I was a young man if I announced that I intended next morning at break of day to start on some enterprise of amusement, or it might be of high duty, the whole family would get up to see me off; but if it were on some matter of mere commercial gain, I would breakfast in the care of the servants. It was thus through the whole of Irish life.—John Butler Yeats.

Men and Women Slow Up

Nowadays many persons wrongfully attribute backache, rheumatic pains, sore, swollen, aching joints and muscles and that "always tired" feeling to on-coming age when the real cause is kidney trouble. Foley Kidney Pills help the kidneys throw out of the blood the impurities that cause these symptoms. H. P. Dunn, mwf

THE COMFORTS of the American Home

It is a well-known fact that, home for home, the American household has more comforts and conveniences than that of any other nation.

In foreign lands the modernized dwelling is found only in the better sections of the larger cities.

In America, even in remote rural districts, you find the piano, the vacuum cleaner, washing machines, up-to-date heating systems, telephones and numberless electrical appliances.

There is a well-kept look about residence, store or out-buildings with an atmosphere of prosperity and content.

Did you ever stop to realize why this is so; how the condition was brought about?

It is largely due to advertising. And a big share of the credit belongs to newspaper advertising.

Stop and think how many of the foods you eat, the things you wear and other articles entering into your everyday life, you first heard of through newspaper advertisements.

You will then realize what a part they do play, or should play, in your daily life.

Read the advertisements, in the newspapers regularly and thoroughly, if you are not already doing so. They mean more to you than you can tell.
